

- A date of birth is necessary for all youth members.
- Notification of the wish to resign from the NZ Herefords or an adjustment to your membership should be made in writing and any outstanding invoices must be settled before the resignation can be actioned.
- Fee structure - Upon joining the New Zealand Herefords, a one off entrance fee is payable in conjunction with the subscription. The subscription is payable annually thereafter. Female fees are charged annually on a sliding scale for all registered three-year-olds and over. A registration fee is also payable on all two-year-old females regardless if they have calved or not. Please refer to the NZ Herefords website for female fees.
- Breeding members are required and expected to complete and return herd records (eg. ADL's, calf returns) on time to allow accurate invoicing and registry inventory.
- Please provide at least two prefix options. Your prefix acts in a similar way to a surname. Animals are identified by their prefix, name and identification number.
For example:

Mt Bruce	Almond	0001*
(Prefix)	(Female family name)	(Animal number)
- Please note use of the words 'Farm, Stud, Herefords' is not necessary as part of your Prefix.
For example:
A suggested Prefix of **Mt Bruce Farm** would be accepted by Council as '**Mt Bruce**'.
- NZH operates on 4 digit animal numbers.
For example:
Animal '**Mt Bruce Leonora 1**' will show on NZH paperwork as '**Mt Bruce Leonora 0001**'
likewise if it were to be numbered 10 or 0010, numbered 100 or 0100.
- The transfer of sold animals is the responsibility of the vendor. The purchaser is responsible for the transfer fee.
